

About the Conference

The School of Advanced Sciences, VIT-AP University, India and the Indiana University-Purdue University Indianapolis (IUPUI), USA jointly organize an International Conference on Advanced Nanomaterials and Applications (ICANA 2022) to be held on 16th-18th November, 2022. The conference aims to bring together national and international communities of scholars, scientists, engineers from academia and industry to discuss exciting advances in the field of nanoscience and technology. The conference intends to publish presented research papers to further facilitate the recent innovations in science and technology.

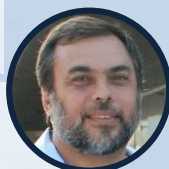

Important Dates

▪ Last date of manuscript/abstract submission	24th Sep, 2022 3rd Oct, 2022
▪ Notification of Acceptance/Rejection	22nd Oct, 2022
▪ Last date for early bird registration and camera-ready manuscript submission	31st Oct, 2022

Speakers

Dr. Mangilal Agarwal
Professor, Indiana University-Purdue University Indianapolis, USA

Dr. Gerhard Swiegers
Professor, Intelligent Polymer Research Institute, Australia

Dr. Victorino Franco
Professor, Universidad de Sevilla, Spain

Dr. Nathan J. Alves
Professor, Indiana University, USA

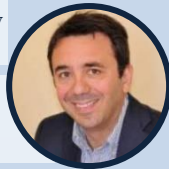

Dr. Yogesh N. Joglekar
Professor, Indiana University-Purdue University Indianapolis, USA

Dr. John Kennedy
Professor, GNS Science, New Zealand

Dr. Bhaskaran Muralidharan
Professor, Indian Institute of Technology Bombay, India

Dr. Massimo De Vittorio
Professor, Istituto Italiano di Tecnologia in Lecce-Italy

Dr. Babak Anasori
Asst. Professor, ProIndiana University-Purdue University Indianapolis, USA

Dr. Sunkara V. Manorama
Chief Scientist, CSIR – IICT, India

Dr. L. Giribabu
Senior Principal Scientist, CSIR – IICT, India

Dr. M. Jeevan K. Reddy
Korea National University of Transportation, South Korea

Publication

All accepted and presented papers will be submitted for possible publication in the following journals/ proceedings/ book chapter

I. Scientific.Net Journals

a. Scopus Indexed Journals

- Key Engineering Materials (KEM)
- Materials Science Forum (MSF)
- Solid State Phenomena (SSP)
- Defect and Diffusion Forum (DDF)

b. WoS Indexed Journals

Nano Hybrids and Composites (NHC)

c. Non-Scopus Indexed Journals

- Advances in Science and Technology (AST)
- Advanced Materials Research (AMR)
- Applied Mechanics and Materials (AMM)
- Journal of Metastable and Nanocrystalline Materials (JMNM)

II. Springer Nature Book Series (Scopus Indexed)

III. Nanosystems: Physics, Chemistry, Mathematics (Regular Journal) (Scopus/WoS/UGC-CARE, etc.)

IV. Materials Today: Proceedings (Scopus Indexed)

V. Book Chapter (ISBN)

** Authors who do not have paper to publish or not willing to publish, they may present only the abstract.

Scope

- Energy Storage and Conversion
- Bio- and Healthcare Materials
- Sensors and Actuators
- Functional Materials
- Optical Materials
- Computational and Simulation Methods
